RE: DA2021/1841 - 8 Coronation Street MONA VALE NSW 2103

Thank you for reading my submission. The parking on Coronation Street is already a problem. If you introduce more residents in this street it will be impossible to park. Their visitors will crowd the street. The beach has been made an off leash dog beach which will be extremely popular , as is the current off leash dog park. Those dog owners use a lot of the parking even in coronation street. The employees of the urgent care and NSW Health employees find it very difficult to park. The crossing will also take up parking. The road is crested which makes visibility difficult especially when leaving a driveway or parking spot. Reversing out is dangerous now. Why are we continuing to crowd more and more residents into small spaces? Thank you please consider.
