RE: Mod2016/0293 - 80 Evans Street FRESHWATER NSW 2096

We are near neighbours of the Mounties Harbord Diggers Club development and are making a submission to STRONGLY OBJECT to any extension of the construction hours currently allowed.

This is a residential neighbourhood and since the beginning of demolition we have had to suffer appalling noise from drill hammers, machinery, 100's of trucks, constant crane alarms, incessant dust and greatly restricted parking, often well outside the currently allowed hours. It is a huge relief when construction ends for the day and the neighbourhood returns to some of its former peace.

The Council Officers and Principal Certifying Agent (paid for by the developer) seem to be completely unable and indeed unwilling to control the behaviour of the construction company and enforce the DA consent despite numerous complaints from local residents.

It would be ABSOLUTELY UNACCEPTABLE to us and our neighbours to grant an extension to the construction hours beyond what was originally consented and with summer about to begin, when Freshwater is at its busiest, it would be completely ridiculous. As ratepayers in a non industrial area we are entitled to some peace and quiet outside business hours.
