RE: DA2018/1708 - 195 Sydney Road FAIRLIGHT NSW 2094

Parking on this section of Sydney Road and Hilltop Avenue, the two thoroughfares that border this development, are already choked with parked cars.

Particularly in summer as beachgoers ignore driveways and no standing signs in their enthusiasm to get to Fairlight for a swim.

Even if only half of the estimated 120 occupants of this development are car owners, it is a worrying prospect for those living nearby.

That's not to mention the visitor's cars.

Fairlight is a pleasant low density area, please don't allow it to become a new Waterloo or Alexandria.
