RE: DA2020/1453 - 4 Collaroy Street COLLAROY NSW 2097

To the Assessing Officer,

As an active patrolling and competing member of Collaroy SLSC, the biggest issue the club faces for its members and surf patrol volunteers is a lack of available parking. It is getting harder and harder to find a car park in the surf club carpark, or anywhere else nearby.

To my knowledge this will be the only development in Collaroy that will provide dedicated parking for its customers. Any development of good design that provides parking for its customers, taking the pressure off the surf club carpark, must be supported.

Parking aside, the development being low rise fits well with surrounding buildings in Collaroy. The beach style stepped design looks great and is a huge improvement for Collaroy and the community.

As an active member of the community, I believe this development will be beneficial for our community and its members in providing a safer environment for all.

Kind Regards,
Aimee Gundry
