To whom it may concern,

I am a local resident of Dee Why. I wanted to personally write to you as I am highly supportive of the new development at 4 Delmar Parade not only is 219 new apartments going to contribute to the under supply of dwellings and assist the housing target of 12,000 new dwellings over the next 12 years.

It is also going to consolidate multiples drive ways along the Delmar Parade frontage and improve the traffic flow onto that busy intersection.

I feel the brand new Look will be a great addition to the area and looking forward to seeing it completed!

Kind regards  
Lara
