

From:
To: [Planning Panels - Northern Beaches](#)
Subject: Application No. DA2020/1756
Date: Friday, 10 December 2021 8:35:57 PM

We write to express our objection to the above DA and ask the panel to refuse the application. Our grounds for objecting to the application are as follows:

1. The garage entrance on Robertson Road will be a permanent problem for the future development of Newport as an attractive village as it prevents Robertson Road from ever becoming a car free road. Robertson Road is the only commercial road in Newport capable of being usefully pedestrianised with restaurants etc lining the road.
2. The design is unattractive and will not enhance the amenity of Newport.
3. There has been huge opposition to the DA which has been ignored by the Council. The disregard of the community voice makes a mockery of consultation and listening to the local community.

Faithfully

Michael and Sarah Lawrence
