RE: Mod2022/0735 - 5 / 9 Eustace Street MANLY NSW 2095

To whom it may concern.

Regarding the DA modification Mod2022/0735, modification number 6, the introduction of translucent louvres.

These louvre windows are located directly opposite our bathroom and loungeroom windows. We had previously written in to request that this window be made translucent in order for us to maintain our privacy (see DA2021/2409 - Submission - Paris for background). Putting the translucent windows on a louvre undoes any privacy benefits. We'd ask that these louvres are restricted to open no more than a 35-degree angle. This would provide ventilation without unecessary impact to our privacy.

Thanks for your consideration.
