**RE: DA2021/2083 - 5 Forest Road WARRIEWOOD NSW 2102**

It was hard to find any drawings of any proposed structures on the web site. Our concerns are that any increase in student numbers should also include additional off street student parking places. On weekdays it is difficult for residents and visitors to the area around Angophora Circuit to find parking as they are filled with the student's cars. Even the 4 hour parking is taken by the students who then swap places at lunchtime. Vehicle access to the school also needs to be improved as at present there is also a problem in the afternoon when the students leave the Angophora Circuit area and create a traffic jam trying to access the Macpherson St roundabout.
