Attn: Nick England

Dear Nick,

**Development Application No. DA2021/2228**

**Description:** Alterations and additions to a dwelling house including a home office, garage and swimming pool

**Address:** 323 McCarrs Creek Road TERREY HILLS

Reference is made to the proposed development at the above area and Aboriginal heritage.

There are known Aboriginal sites within the proposed development area. As such, the area of the proposed development is considered as having high potential for unrecorded Aboriginal sites.

Given the high potential, the AHO recommends a Due Diligence Aboriginal heritage assessment be carried out for the land by a qualified Aboriginal heritage professional, including consideration for subsurface archaeological testing. This would provide an assessment of any unrecorded or potential Aboriginal sites within the allotment, and advice on potential (direct or indirect) impacts to any Aboriginal site.

Under the National Parks and Wildlife Act 1974 (NPW Act) all Aboriginal objects are protected. Should any Aboriginal Cultural Heritage items be uncovered during earthworks, works should cease in the area and the Aboriginal Heritage Office assess the finds. Under Section 89a of the NPW Act should the objects be found to be Aboriginal, Heritage NSW and the Metropolitan Local Aboriginal Land Council (MLALC) should be contacted.

Kind regards,  
Susan Whitby  
Aboriginal Heritage Officer
