**RE: DA2021/0669 - 1193 Barrenjoey Road PALM BEACH NSW 2108**

My reasons for objection are:

After Council rejected a change of use to permit walking dogs along this portion of beach on environmental grounds, I do not understand how an expanded restaurant, car park and encroachment on current council and public lands does not constitute a much greater environmental concern. We must have consistency. If residents are to be denied utility of use (walking their dogs on this portion of the beach) due to environmental concerns, then equally, an economic development which threatens greater environmental harm to the adjoining waterway and sea grasses should not be permitted.
