Subject: DA2019/0200

Hi

I wish to make a submission regarding the development application DA2019/0200 at 130 Old Pittwater Road, Brookvale.

My apologies for missing the cut off date for submissions but I had believed it was today and not yesterday. However I do hope my email will be considered nevertheless.

I am sad that the proposal being considered is at the sacrifice of more of our bushland and the wildlife that live there depend on it for their survival.

On another point, it is more development in an already overdeveloped area and parking is always difficult and this development would only add to the problem.

I trust the council will take all the submissions into consideration regarding this proposal.

Kind Regards
Nina Gilmore
