RE: Mod2019/0618 - 18 / 99 Alfred Street NARRAWEENA NSW 2099

Unfair stop to early start

Why has the last cafe in narraweena been stopped from opening early?

why has one complaint by a resident living above the cafe, who has lived there for several years without previous objection, suddenly become annoyed by the noise of a coffee machine?

why is belladolca cafe being prevented from opening early because of the sound of a coffee machine which produces their main product?

Narraweena Shops is now in complete shambles due to ongoing construction. The stop to the last cafe opening early means customers have to go elsewhere. belladolca cafe loses business and is affected not only by loss of income, but the market value of their Business is negatively impacted.

Shouldnt a building constructed with residential apartments above businesses have better sound proofing?

We all know that an early morning coffee to start the day can mean the difference between a good and a bad day. It is unfair that one person with one complaint can affect the lives of so many especially considering they would have known prior to purchasing their property that it was above a cafe.

Thank you
