**To:** Council Northernbeaches Mailbox  
**Subject:** TRIMMED: Application Number: DA2022/2081

Further submission regarding Council's Response to earlier submissions.

**Please Note the following statements are incorrect:**

**Loss of facilities during construction**

*"It is understood that the operators have made plans for accommodation of users at alternate local venues for the duration of the construction."*

This is incorrect and the council is aware it is incorrect.

**Loss of facilities following construction**

*"DA2022/2081 relates to the proposed new clubhouse only. Council is responsible for the wider Warringah recreation facilities and any future masterplan development".*

The masterplan as shown indicates no squash courts even though council has received a grant for the construction on squash courts.
