Subject: Application Number: DA2019/1260

To whom it may concern,

For a variety of reasons including increased traffic to an already overcrowded morning traffic flow, the loss of many beautiful trees that make this area so wonderful and appealing , the application not meeting the requirements for development and a host of other criteria outlined in all the other submissions, we strongly object to the proposed development of 29 North Avalon Road.

We strongly urge you to reconsider this potential development and appreciate your consideration.

Thanks very much,
Jeanette and David Padilla

All the best,
Jeanette
