**RE: DA2019/0278 - 1 / 1 Moore Road FRESHWATER NSW 2096**

Freshwater is a family neighbourhood not a industrial area. An indoor recreation facility will disturb the neighbors. It will be noisy and the traffic and parking will be extremely affected. The residents are already suffering from the amount of cars parking on the streets with this kind of place it would make things even worst.  
Completely against of this application.
