Subject: TRIMMED: ATTENTION Anne-Marie Young DA2021/2567

Dear Anne-Marie Young / Assessing Officer

With Reference: LOT 100 DP 1250521 and LOT B DP 395193 and LOT 13 DP 568333 (St Augustines Sydney) 37-43 & 60 Federal Parade Brookvale

I am the owner of 42/48a Consul Road, Brookvale (The Kilns Complex) and have provided a submission in the past regarding the current Proposal from St Augustines College Brookvale. I still stand by my initial submission where I defiantly oppose this demolition and construction in our neighbourhood taking place with St Augustines College.

In the past I have been in contact with Anthony Bataille, Head of Strategy and Compliance, at St Augustine College.

I run a business that takes care of woman birthing and postpartum care for a post birth mother and her baby. I have faced horrendous traffic to get out of my complex and the roads around the College in the past and have been delayed in a work capacity reaching birth traumas with high maternal anxiety and postnatal depression consequences. This was all addressed with Anthony at the time.

The existing proposal and new one they have submitted has not only got dire consequences for our neighbourhood and the residents involved, but a huge impact on the nature of work and care I provide.

As stated previously, I extend a deep opposition to this proposal by the College.

I have tried to negotiate Consul, Gulliver, Alfred and Federal Roads to get out and my experiences have been horrendous for work

Thank you for your time

Kind regards

Jackie Gorman
