OBJECTION TO DA PALM BEACH

I wish to strongly object to this gross overdevelopment of this site, which is completely unsympathetic to the character of Palm Beach - the reason people live there, nearby residents in adjoining suburbs frequent it as much as their own, and visitors go there. They do not go there to see concrete unit blocks they can see anywhere else in Sydney..

Gold Coast style is not appropriate for Palm Beach, especially in such a prominent position beside the main road, a public park and childrens playground.

It should be rejected.

Sincerely

Sincerely
