RE: Mod2017/0063 - 80 Evans Street FRESHWATER NSW 2096

This construction is already using enough time of the week creating noise, pollution, road congestion and traffic as well as reducing available parking. The parking is an issue on weekends especially as the beach is in high demand. I am an intensive care paramedic and as such work shift work. The extended hours proposed would disturb me when I am most in need of peace and sleep, whilst preparing dinner of an evening and on the weekends. The construction already operates outside of their designated work hours. An extension of these hours is unnecessary, inconvenient and an inappropriate and detrimental intrusion into my already stressful life.
