Subject: DA Dennison St Manly

Dear Sir

I Refer to DA2019/0849 and later papers.

I am a long term owner of an Apartment at 23/32 Whistler St. Manly.

I wish to register an objection to the addition of a second story to the proposed development.

My key concerns are that it will impact on privacy of the Whistler St apartments; reduce sunlight to the pool area and it is not in keeping with the surrounding buildings.

I am aware that these have been expressed in submissions from unit holders whose apartments are closer to the proposed development.
