RE: DA2021/1612 - 1 Clarke Street NARRABEEN NSW 2101

Collaroy Sea Wall

As a resident of the beaches suburbs and as a world traveller I am extremely disappointed with the process of the Da for the sea wall.

Clearly all the advice was and is to stop this wall being built as it is .

Why would you NOT listen Dr Andy Shorts advice. We are sick and tired of these quick fix solutions without full community consultation. Who is going to pay for ongoing sand replacement? Who wants live in this beautiful area if its all about protecting tangible assets of a few residents only. What price do you not put on destroying this beautiful beach. This is shameful ! Where is the vision of the future. Not happy. Get your act together and listen to the advice of professionals not bureaucrats . Why cant you be transparent.
