**RE: DA2019/0200 - 130 Old Pittwater Road BROOKVALE NSW 2100**

Opposed to this DA to destroy bushland which is a habitat to local species. It also creates a natural buffer and a noise barrier. Plans to take business development right up to Allenby Rd is surely at odds with residential development. Am concerned allowing development to encroach on this piece of bushland will open it up in other corridors given it borders a few suburbs.
