Officer comments

The application seeks approval for alterations and additions to existing dwelling including a ground floor and deck extension. Council's Natural Environment Unit - Biodiversity referral team have reviewed the application for consistency against the relevant environmental legislation and controls, including:

Biodiversity Conservation Act 2016 (BC Act)
Pittwater Local Environmental Plan (PLEP)

- 7.6 Biodiversity Protection

Pittwater Development Control Plan (PDCP)

- B4.7 Pittwater Spotted Gum Forest - Endangered Ecological Community

All native trees within the property are to be retained. No objection is raised to the proposed landscaping. On the basis that the application does not require the removal of prescribed trees or vegetation nor is it likely to impact on nearby biodiversity values, the Biodiversity Referral find the application to be consistent against relevant environmental controls, subject to conditions.

The proposal is therefore supported.

Note: Should you have any concerns with the referral comments above, please discuss these with the Responsible Officer.
