Consideration of Application		
<p>The proposal is to modify the LEC approved DA2020/1453, including changes to the plan layout and an increase to the height of the gutter level (for about 350mm increase) of the third floor. Given that the proposed changes remain within the approved footprints and the increased height to the upper level is set back from the street boundaries, the impact of the proposal upon the heritage items or their significance is considered negligible.</p> <p>Therefore, no objections are raised on heritage grounds and no conditions required.</p> <p><u>Consider against the provisions of CL5.10 of WLEP 2011.</u></p> <p>Is a Conservation Management Plan (CMP) Required? No</p> <p>Has a CMP been provided? No</p> <p>Is a Heritage Impact Statement required? No</p> <p>Has a Heritage Impact Statement been provided? No</p>
