RE: DA2020/1756 - 353 Barrenjoey Road NEWPORT NSW 2106

The potential development of Robertson road should be done following an integrated plan.

Luckily Pittwater Council commissioned a plan for Robertson Road in 2006.

I am strongly opposed to this development in Robertson Road and wish our new amalgamated council to consider the Newport village as a whole and push forward with the Robertson Road Masterplan.

I certainly do not want a car park entrance in Robertson Road - it would destroy the pedestrian access
