RE: Mod2014/0117 - 5 Lawrence Street FRESHWATER NSW 2096

Today, 16 July, the applicant erected signage in both Marmora and Lawrence Streets advertising "Kahana" with 16 apartments. The current approved DA (2007/0856) only specifies 10 apartments. The applicant has yet to receive approval for 16 residential apartments as per this Mod2014/0117, and is thus disrespecting of the planning process which involves public consultation until 5/8 and appropriate assessment thereafter. We would seek that Council request the applicant to remove this incorrect signage until the planning process has been satisfactorily completed.
