 [IMG_2289.MOV](#) Re DA2022/0809 4 Harvey road Ingleside.

Mr Nick Keeler just wanted you to see that there is activity still happening at the above-mentioned property. Watching this morning a large semi with trailer full of stock was coming down Harvey Road on the wrong side heading straight for the blind corner to reverse into 4 Harvey Road. He then held up our other neighbour in his driveway before reversing back into 4 Harvey Road. Whist reversing a car approaching him had to go on the wrong side of the road around this blind corner. Another car then had to stop and wait for him to reverse into 4 Harvey Road. This is unexpected for it is only a matter of time before someone gets hurt or killed. This is a very dangerous corner to try and reverse a semi. Video attached.

Many Thanks

Rene Keller
