Officer comments

The application seeks approval for alterations and additions to existing dwelling. Council's Natural Environment Unit - Biodiversity referral team have reviewed the application for consistency against the relevant environmental legislation and controls, including:

Biodiversity Conservation Act 2016 (BC Act)

State Environmental Planning Policy (Resilience and Hazards) 2021

- Clause 2.10 Development on land within the coastal environment area

Pittwater Local Environmental Plan (PLEP)

- 7.6 Biodiversity Protection

Pittwater Development Control Plan (PDCP)

- B4.7 Pittwater Spotted Gum Forest - Endangered Ecological Community

As the proposal is located wholly within the existing footprint and does not require the removal of prescribed trees or vegetation nor is it likely to impact on soft open space or nearby biodiversity values, the Biodiversity Referral find the application to be consistent against relevant environmental controls.

The proposal is therefore supported.
