Officer comments

The application has been investigated with respects to aspects relevant the Building Certification and Fire Safety Department. There are no objections to approval of the development subject to inclusion of the attached conditions of approval and consideration of the notes below.

Note: The proposed development may not comply with some requirements of the BCA and the Premises Standards. Issues such as this however may be determined at Construction Certificate Stage.

The proposal is therefore supported.

Note: Should you have any concerns with the referral comments above, please discuss these with the Responsible Officer.

Recommended Building Assessment Conditions

CONDITIONS TO BE SATISFIED PRIOR TO THE ISSUE OF THE CONSTRUCTION CERTIFICATE

Construction in Bush Fire Prone Areas

The recommendations made in the Bush Fire Protection Assessment Report prepared by eco logical Australia, dated 4/5/2023, Version V2 are to be carried out in full to the building. Details demonstrating compliance are to be provided to the Certifying Authority prior to the issue of the

Construction Certificate.

Reason: To ensure adequate provision is made for the design and construction of the building to reduce the risk of ignition from a bushfire and provide building occupant safety.

Building Code of Australia Fire Safety Requirements

The Building Code of Australia fire safety requirements for the building as detailed and recommended in the BCA Assessment Report prepared by Blackett Maguire + Goldsmith, dated 5/6/2023, Project No. 210350, Rev 3 including any required Performance Reviews, are to be considered as part of the assessment for any Construction Certificate. Details demonstrating compliance are to be provided to the Certifying Authority, prior to the issue of a Construction Certificate.

Reason: To ensure adequate provision is made for Health, Amenity, access and Fire safety for building occupant health and safety.

Access and Facilities for Persons with Disabilities

Access and facilities to and within the building are to be provided as required for Persons with a Disability in accordance with the Building Code of Australia and AS1428. In this regard the Access Review Report prepared by Morris Golding dated 24/8/2023 V1.0 is to be taken into consideration as part of the determination of the Construction Certificate. Details are to be provided to the Certifying Authority prior to the issue of the Construction Certificate and be implemented prior to occupation of the building.

Reason: To ensure adequate provision is made for access to and within the building for Persons with a disability.
