RE: DA2019/0123 - 80 - 82 Mona Vale Road MONA VALE NSW 2103

I would just like to have a say with having local markets available. They are a great community base event for everyone. Having worked on a charity stall for WIRES over the past three years at Frenches Forest I have met many people from my past and always find that people will stop and chat here than at shopping malls. At WIRES this is our only time to raise money for Northern Beaches and we are always well supported. We do not have street stalls any more and this is the only outlet. As a council community should come first.
