Subject: Re DA 2020/0962 Hugo's

Hi,
As a longtime Manly business owner, Corso property owner and resident of Manly I thoroughly support the application by Hugo's to extend the usage of the outside deck adjacent to the Hugo's restaurant on Manly Wharf.
I feel it adds to an already established exciting dining experience that myself, my friends and Manly locals and visitors enjoy.
They are a professional company that provides excellent service that helps promote Manly as a quality tourist destination and adhere to all the rules and regulations expected of a restaurant of their notoriety. It is certainly world class.
I have no hesitation supporting this application.

Regards,
