RE: Mod2023/0567 4 Delmar Parade DEE WHY NSW 2099

I currently live in the 2 Delmar Parade apartment building. The access to the apartment buildings is already challenging due to the inability to turn right into the building car park entrance on Delmar Parade, involving a U turn further up the road. This will become even more challenging with the increased traffic of new apartment buildings. The access in/out and also on Delmar Parade should be considered as part of the planning.
