**RE: DA2019/1119 - 4 / 0 Bennett Street CURL CURL NSW 2096**

I object to the DA for the market at the Harbord Bowling Club.

This type of market is better suited to a non residential area (as was the case for the market at Forestville and is the case for the markets at Warriewood and Pittwater RSL).

The market will have a negative impact on surrounding residents, both in terms of noise and congestion, on what should otherwise be a day of quiet and rest.

I have supported (and do support) the above mentioned markets and have seen the volume of visitors they attract. Perhaps Cambridge could find an amenable owner in the Brookie industrial estate - no residents to affect and plenty of parking on Sundays.
