**Subject:** OBJECTION to application DA2021/0200 lot 3 1110 Barrenjoey Road palm Beach

To the development department council

I would like to strongly object to the proposed development DA2021/0200. 1110 Barrenjoey Road Palm Beach.

It does not comply with - "Environmental Plans and Development Control Plans" and " keeping the natural environment and tree canopy"

We are reassured by council and Minister Stokes that Pittwater will be protected .

So, Why should the residents have to become bush lawyers and spend so much unpaid time detecting the council's DA's -

It's hard to believe the horrendous DA's that pass through council - some already green lit without residents comments. Everyone is getting stressed over the amount of objections one has to make.

Clearly by looking at this latest DA they should have immediately rejected it because of - it's size, its out of character architecture, it's intention of the removal of many protected spotted gum trees and It's contrast to the heritage building below, Barrenjoey House.

And not to mention all that excavation needed on a fragile hillside - if this continues we will end up with land slides.
