Use of Pittwater RSL carpark for relocation of Frenchs Forest Organic Farmers Markets.

These markets needs to be relocated as they are one of the only accessible organic farmers markets available to the residents of the Northern Beaches.

The markets are integral component of the community for a variety of reasons.

These markets specifically are the only consistent markets accessible to those who work 9-5, Monday - Friday. Furthermore, these markets attract a considerable amount of tourism to this area of the Northern Beaches and allow many of the local businesses to stay afloat. More importantly, many of the local families rely upon these markets and their products and produce on a weekly basis.
