RE: DA2018/1708 - 197 Sydney Road FAIRLIGHT NSW 2094

this is a big mistake to go ahead, if you want to demolish and rebuild, sell these to private people who can afford it.

The issue with the boarding home is, no parking spaces, people in poverty can be criminals (i'm from out west so I know the dangers), too many people and health and safety. I thought Australia cares about health and safety? Home intruders can sue, but who cares about the victims? These people are probably dangerous. They could be terrorist. There are a lot of elderly people in this area plus I have a disability. Why do you care about these boarders and not us elderly and disabled people. Elderly people and disabled people have no rights. Maybe we should go to the media as the council doesn't care for us. Maybe we should get elderly and disability organisations involved to go public. Also dangerous to animals in the areas. Dangerous for tourist don't you think. If you approve of this, why don't you let the boarding home be build near you? Make sure this is stopped. No one is going to tolerate this people. Australia cares about health and safety, prove it? Australia cares about elderly and disabled, prove it? I fear my life and so do others, I know people like this, they are dangerous, seen you don't care about us, if they do anything to any of us, we will not take it and they will wish they never came here. How can you bring criminals to elderly people and disabled people like me?
