**RE: DA2020/0661 - 7356 / 1167221 Huston Parade NORTH CURL CURL NSW 2099**

This tower is sorely needed because of appalling mobile phone reception in this area, BUT NOT IN THIS LOCATION, OR ANYWHERE IN THE PLAYING FIELDS ON BOTH SIDES OF CURL CURL (not Harbord) LAGOON, from Griffin Road to Harbord Road. Along with other protestors, I view the radiation from such towers potentially detrimental to public health, including that of children and adults using the sports grounds.

The only sensible location for this tower is in the elevated sand dunes of Flora and Richie Roberts Reserve, east of Griffin Road, now used only for beach car parking and exercising dogs off-leash. Here the tower could be sited as far away as possible from homes in all directions. In its repeated applications over many years to build this tower, why has Optus always targeted sports grounds on both sides of the lagoon, and never considered the beachfront Roberts Reserve?
