RE: Mod2017/0063 - 80 Evans Street FRESHWATER NSW 2096

Firstly, this is an absolute joke that we have to go through this process AGAIN!!

We do not want further disruption to our lives , over and above the massive disruption that we are already experiencing.

This company does not get and clearly does not care that this a area is RESIDENTIAL, not a business area. Does anyone in your office realise what a massive and disruptive construction site this is to all the residence around here?. We all have to abide construction from time to time and I fully understand that. However, extending the hours to 8 pm mon- Fri and till 5 pm on a Saturday is taking it too far.

We have a young daughter and my husband does shift work. If this goes through it will have a huge impact on their ability to get adequate rest, which impacts on the rest of our lives.

I can not believe that they are trying to push this through yet again, it is an absolute disgrace! We are going through enough already, so please stop this from ruining our lives here in Freshwater and the lives of many others.
