RE: DA2020/1063 - 2 / 0 Bennett Street CURL CURL NSW 2096

I strongly oppose the lighting proposal and John Fisher Oval Curl Curl. I regularly visit family in Manuela Place and the weekends it is bad enough with all the traffic and parking congestion due to sport. This is going to directly affect all the residents in the local area and the proposed lights are far too close to the houses. There will be significant negative implications if this proposal is approved!
I strongly object!
