RE: Mod2021/0983 - 231 Whale Beach Road WHALE BEACH NSW 2107

I am happy to support a like for like usage application, based on size, usage and operating hours. This amendment is a clear shift in scale and potential usage of a proposed licensed restaurant compared to the existing Cafe and with extended trading hours. Potentially there will be many more people in the precinct over more hours with flow on impacts relating to noise, traffic, garbage disposal and general licensed restaurant related disturbances.
