We have been going to the frenchs forest markets for the last 20 years living in the forest. It has been a fun healthy family outing every Sunday and a way to get my kids involved in buying and eating healthy produce brought in by locals. It has taught them a lot about waste, organic, minimalism and being together as a community. I can't tell you how sad I am that these markets are leaving the forest but we will do everything we can to support and keep going to their future location at Pittwater RSL to continue this tradition of employing locals and supporting local business.
