**RE: Mod2016/0293 - 80 Evans Street FRESHWATER NSW 2096**

I understand they wish to extend their working hours. They are already starting work at 6am and working past 10pm some nights (like last night when my partner had to go across the road to speak to them). We have no peace. The constant noise, dust etc is giving me headaches and I can't sleep. I now have a script for strong migraine medication. I haven't had a full night's sleep since the works began. If anything they need to be forced to stick with the working hours they have been given. Thank you.
