**RE: DA2019/0200 - 130 Old Pittwater Road BROOKVALE NSW 2100**

Opposed to this DA to destroy bushland which is a habitat to local species. It also creates a natural buffer and a noise barrier.

Plans to take business development right up to Allenby Park Rd is surely at odds with residential development. Allambie Heights is a quiet family suburb, and this peace is being destroyed by this development. Allambie is an Aboriginal word that means "peaceful place". Please preserve our suburbs' true meaning.

Am concerned allowing development to encroach on this piece of bushland will open it up in other corridors given it borders on a few suburbs.
