Subject: DA 2019/0845 , 68A Queenscliff Rd. Queenscliff

Dear Council,

I have received information of plans relating to the above address. The information states that the plans breach height regulations by 2 meters and parking by 5 spaces. If this is correct the plans can not be approved. I have lived here for 32 years and development has far exceeded the infrastructure of the area. Parking is especially a nightmare. Any new developments must be within council regulations which are very generous for this area.

Kind regards,

Paul Cook
