Subject: FW: Submission - DA2021/1522 - 189 Riverview Road, AVALON

Submission Re - DA2021/1522

'We can't allow another over-development on the Pittwater Foreshore, especially one that will degrade EEC Pittwater-Wagstaffe Spotted Gum Forest. This is an affront to the ecological -- and, I would argue, cultural -- value of our area. It is another step towards turning our beautiful Pittwater into something more resembling Sydney Harbour; too much privatization and development. Please reject this application.'
