Dear Sir/Madam,

RE DA 2020/0962

On behalf of the Manly Business Chamber we wish to express our support of Hugos Manly DA 2020/0962.

Hugos has become an iconic destination on Manly Wharf offering a casual coastal dining experience that encapsulates the Northern Beaches lifestyle. The staff celebrate this relaxed vibe making every experience memorable, ensuring Manly is revered as a domestic and international destination for visitors.

The Chamber recognized the role Hugos played in the success of Manly as a destination when we supported their outdoor dining on the wharf 6 years ago. They have gone on to prove beyond our expectations the appetite for this waterside experience by visitors to Manly.

We are now very aware of the challenges all industries have faced due to Covid, and Hugos has not been immune to this. With the enforced locked down and reduction in numbers, we can only see an extension of this outdoor dining experience as a positive one for all. The staff employed by Hugos, local Manly diners, plus domestic and international tourists.

Feel free to contact me if any further clarification is required.

Yours sincerely

Charlotte Rimmer
President - 2020
