Subject: Objection to Application Number: DA2019/0200

Dear Mayor Regan

I strongly object to the development proposal DA2019/0200 which will result in the bulldozing of pristine bushland adjoining Allenby Park at Allambie Heights
Councils own website describes Allenby Park as

*“One of our best-kept secrets, you'll forget you're in Sydney as you slip into this tranquil stunning pocket of natural bush.
Picturesque waterfalls, mossy boulders and panoramic views of the coast.”*

Our environment is already under stress, our waterways are already degraded because of residential and commercial development – please do not allow this application to go ahead in such an environmentally sensitive location

regards

Susan Stack
