I strongly support this application.

We do not have enough venues for ourselves or our guests North of Newport.

Pittwater is one of the greatest destinations in Australia and certainly appear in every Australian tourism campaign ... yet we have limited choice for dining.

The JOEY has the potential to be a must visit destination (if they get the food right). They certainly have the location sorted and from what I have seen, have done a great job on the refurbish. It is respectful to the heritage of the old wharf and looks beautiful as we walk along the beach.

As a resident of the Northern Beaches we deserve the opportunity to eat and enjoy what this venue is proposing.

It's a restaurant, not a nightclub!

Owning a home near a restaurant should not give you the right to stop all of us enjoying fine dining in the evening.
