**Subject:** Planning panel meeting per 2924/005

**Categories:** NBLPP

I understand from neighbours that there is a planning meeting to be held this Wednesday.

I had submitted an objection but did not receive notification of the meeting.

I understand Friends of Freshwater will address the panel.

I understand the panel were viewing the site from a public view. I wish to also add the attached images from our bedrooms, front door and backyard. The current bottleshop is built on our properties boundary.

Many thanks  
Melinda & Allan King
