**RE: DA2023/0368 - 9 - 15 Central Avenue MANLY NSW 2095**

Thank you for the opportunity of commenting.

I support the proposal given the environmental impact of the proposed alterations will not alter the existing acoustic environment. The alterations are merely structural and architectural with no change to operating hours or number of attendees.

I note the positive feedback from Building Assessment, Health Assessment, Heritage Assessment and the Police.

I understand and support Council imposing conditions related to construction noise and times of construction.

Gary Thomson MPIA
