RE: Mod2023/0262 - 5 Forest Road WARRIEWOOD NSW 2102

I support the Alternative Proposal as mapped in Attachment B of the Traffic Management Plan.

This plan limits the drop of area to one side of Forest Rd with no impact on driveways and still allows residents to park outside their property.

I DO NOT support the modified proposal of a pedestrian zebra crossing near the roundabout. A footpath following the western side of the roundabout is a preferred alternative. If the school could provide two pedestrian access paths, one either side of their driveway, students could make an early choice to either follow the south side or north side of Forest way with minimal impact on the school's driveway with buses entering and exiting.
